

The Next Generation of Spray Suppressant Splashguards

Pomar Hardware is excited to announce the creation of a superior blend of Rubber and Plastic to form our **Fusion** Line of High performance splash guards, offering excellent durability and logo adhesion, tuxedo black smooth finish light years ahead of our competition in formula composition.

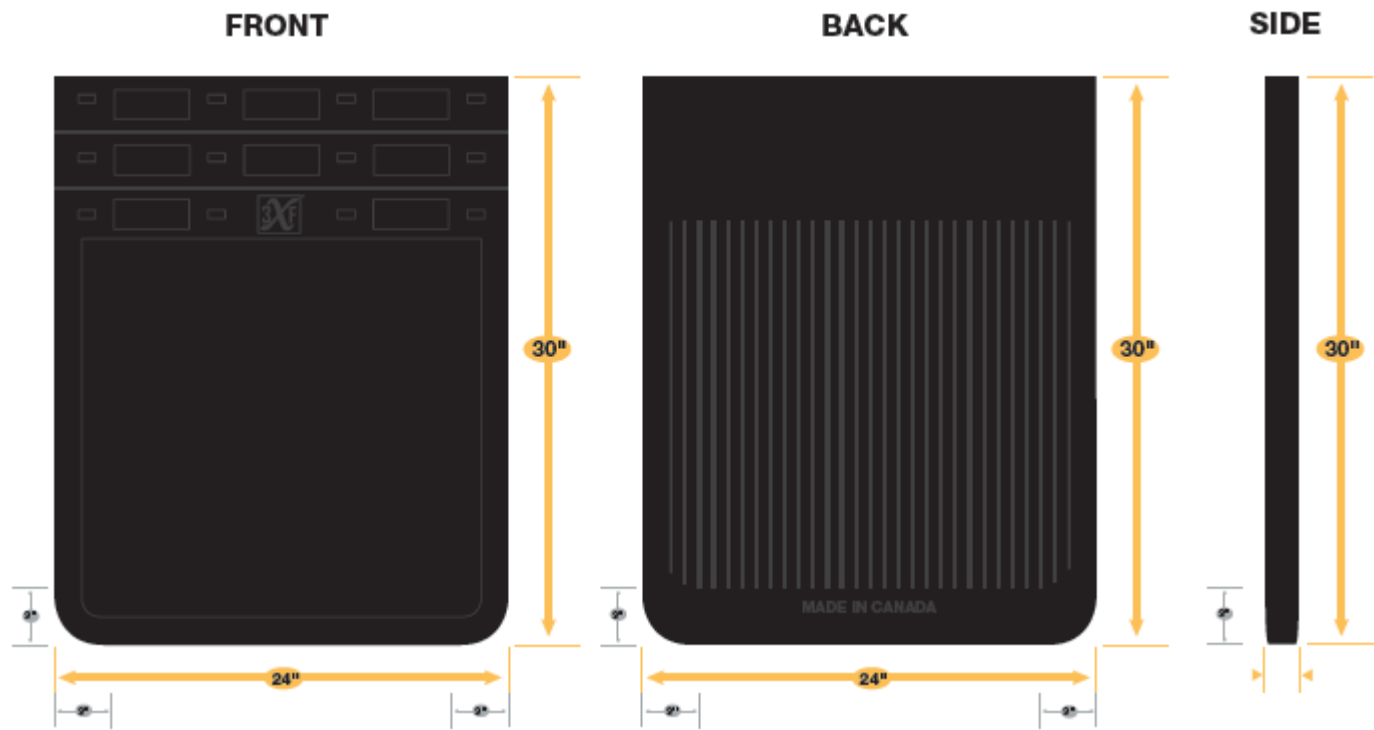

Don't be fooled by others offering imitation grayish/black cheaper versions of this flap.

Pomar and our manufacturing partner have been in the splashguard business for over 80 years of combined manufacturing and sales experience. For the highest quality splashguards and Service look no further Pomar is your 1 Stop Shop.

Proudly Made In Canada

Scale : 8:1
